Our History

Original Oil by
Edmund Hayes

Founded in 2001, this fast growing and diversified art league consists of members who range in experience from amateur to professional status, working in numerous art mediums. The league meets at least four times per year to learn new art concepts, exchange ideas, share information and view demonstrations by featured guests and artists. The league also participates monthly in "First Fridays," which feature member's art in the Art League Gallery. Art classes are conducted in the workshop and in the public school system by league members. The wide range of art activities takes the league to many parts of Knox County.
